Here's what some of them have to say ...

establishing the ni family business forum

Harbinson Mulholland established the NI Family Business Forum in 2016, as a hub for family firms to connect with each other, share experiences, exchange ideas and learn in a friendly and sociable setting.

The forum hosts regular events exclusively for family owned businesses, providing an opportunity to meet other business owners, hear stories from guest speakers and benefit from the skills of experts in sector.

Each event focuses on a specific theme, hosted in a private, confidential environment and reserved for smaller groups to exchange lively and focused networking.

So far we have covered:

- Planning for the next generation
- Establishing a family charter
- The benefit of working with Non-Executive Directors
- Resilience in Family Businesses
- and our most curious theme to date "Family Businesses are Awesome, but they're also a pain in the a**" as coined by Petra Wolsey of the Beannchor Group
